

Forklift Electrical Part

Electrical Parts for Forklifts - Lift trucks as well as various forklifts can have particular labels used in certain hazardous locations. The label denotes that this particular model of forklift meets the minimum standards of ANSI/UL 553 utilized for electric lift trucks or ANSI/UL 558 utilized for internal combustion engine forklifts.

Applications for labeled lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance carrier and Fire Marshall for additional information concerning the approved uses of industrial powered forklifts in your application.

If the forklift has been proven to satisfy the outlined standards, the following labels can be placed. A labeled truck will have the type description put on the forklift nameplate and will have one of the following labels placed.
