

Rockwell Parts

Rockwell Parts - AxleTech International is a leading provider in the world of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its customers' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for service, technology, delivery and quality. They believe in working in an environment which supports the utmost integrity with empowered collaboration, along with a persistent pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively applying principals of ecological safety and stewardship in how they do business. The business has put various programs in place in order to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whichever questions or comments, because they are happy to share and promote this policy with a greater understanding of their efforts. They are very dedicated to preserving and improving the environment. AxleTech has an EHS program which not just protects the natural world but which even actively protects their workers and neighbors too.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both military and commercial applications, that may consist of anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider as well. AxleTech specifically designs axles so as to meet particular application demands. They have more than one thousand various axle specs in their existing offering. With over 100+ years of history and experience, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in many commercial and military applications. They provide complete axle assemblies for aftermarket replacement requirements, together with servicing axle requirements for OE production. Their high mobility ISAS have extra details that can be seen in the "ISAS" product selection.
