

TCM Forklift Part

TCM Forklift Part - Forklift trucks are a major player in the material handling field of every global trade. Transporting industrial goods takes place each and every day on our industrious planet. Initially innovated as industrial vehicles during the 1930s in the United States, lift trucks gained popularity following World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread worldwide.

Originally started as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. previous to becoming known as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first lift truck. Over the years, TCM lift trucks have become a global leader in forklift manufacturing and have built a solid reputation with the trade. TCM started constructing forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

With over 50 years of accumulated technology and expertise, TCM has been proudly manufacturing various models of industrial forklifts, making their models recognizable all around the world. With a strong and energetic employees, TCM has been able to constantly work towards becoming a future leading material handling company.
